

Les Amis de Grand-Pré

Faire vivre la culture acadienne dans la région de Grand-Pré

Compilation of the baptisms recorded in the parish register of St-Charles-des-Mines de Grand-Pré

Introduction

Grand-Pré was settled in the early 1680s. Only three of the Grand-Pré registers (1707-1748) have survived. After having been in Maryland for about ten years, the three registers were taken to Louisiana where they are still protected in a climate-controlled vault at the Archives of the Diocese of Baton Rouge. They are referred as the **SGA-1**, **SGA-2**, **SGA-3** (St. Gabriel Archives)

In 1895-96, the first transcription of the three registers was made. This French handwritten transcription is in the Public Archives of Canada (Ottawa) and is known as the "P. Gaudet" transcription. Microfilmed by the "Institut Drouin" the **P. Gaudet** transcription images are now available On-Line.

A second and third transcription were made in Louisiana in 1978 and 1998. The latest revised printing was published in 1999 by the Catholic Diocese of Baton Rouge. (referred here as **DoBR** transcription)

The Grand-Pré National Historic Site of Canada has a high-quality digital reproduction of the registers (tif images on CD-ROM and printed versions). Those reproductions of the registers are referred here as **RGP-1**, **RGP-2**, **RGP-3**. (Images numbering of **RGP-3** differs from **SGA-3** because they are not divided into "a" and "b" pages.)

On the "Dossiers" page of the Les Amis de Grand-Pré web site you can browse through alphabetic compilations of the Grand-Pré baptisms, marriages and burials. For each event dates, parents and the **RGP** register image number are shown.

<http://www.rootsweb.com/~nsgrdpre/documents/dossiers/menudossiers.html>

Those compilations were created by comparing the said "**P. Gaudet**" 1895-96 transcription to the **DoBR** 1998-99 transcription. Any difference was verified with the **RGP** images and confirmed when possible with the **DGFA-1** (Dictionnaire généalogique des familles acadiennes, Stephen White)

Those differences and verifications are noted in a database available at
<http://wc.rootsweb.ancestry.com/cgi-bin/igm.cgi?db=rhetumines>

Note: The surname spelling is usually the same as in the DGFA-1 (Stephen White)
